The Danish Film Institute (DFI) has established an international department with the remit of advising Danish producers on international funding possibilities, while being the point of contact for international producers seeking information on the Danish production landscape and financing possibilities.

Minority Co-Production Funding – Feature Films
The purpose of funding co-productions is to strengthen partnerships and creative exchange between Danish and international producers. The DFI highly values the opportunities afforded from co-productions – international financing, cultural and business exchange and distribution – and therefore encourages such partnerships.

Recent Successful Co-Produced Films:
THE UNTAMED by Amat Escalante (Mexico)
THE RAMS by Grímar Hákonarsson (Iceland)
LOUDER THAN BOMBS by Joachim Trier (Norway)

Subsidy Application Requirements
DFI can fund 5–9 minor co-productions per year. The annual budget amounts to DKK 12 million.
• The application must be submitted by a Danish production company
• There must be Danish creative or technical participation in the production
• There must be a distribution deal for theatrical distribution in Denmark or broadcast on national Danish TV
• The financing in the major co-producing country has to be secured

Applications will be evaluated based on the following criteria
• Creative strength
• Creative and financial collaboration between the Danish company and its co-producer, including previous projects and future plans
• The level of creative and technical collaboration, the participation of Danish talent and crew and the overall Danish spend
• The nature of the distribution deal signed by the producer
DFI is able to allocate no more than 60% of the Danish spend.

Applications are submitted to Noemi Ferrer, Head of DFI International, and assessed by a DFI panel consisting of Commissioning Editors, the Head of International and the Director for Film Funding.
You will get response on your application within a month from submission deadline.

Minority Co-Production Funding – Documentaries
The DFI can fund 4–6 minor documentary or short fiction co-productions per year with a total annual budget of EUR 335,750 (2.5 million DKK).

Application Requirements
- The application must be submitted by a Danish production company
- There must be Danish creative or technical participation in the production
- A confirmed distribution deal for theatrical distribution in Denmark or national Danish broadcast or other national distribution e.g. digital aimed at a Danish audience
- The international majority producer must be able to present agreements that confirm national funding. The Danish co-production funding is given as top-up financing only

Selection Process
Applications must be addressed directly to one of the three film commissioners. Together with the DFI producers and the DFI Head of Documentaries, they will evaluate the application. The project evaluation is based on the following aspects: artistic qualities, the creative and financial collaboration between the Danish and international producer, including previous collaborations and future plans, the Danish share of the creative and technical collaboration, and the distribution potential.

You will get a response to your application within a month from submission deadline. In case your project is not chosen for co-production support you can reapply with the same project only if DFI assesses that the project has undergone substantial changes.

REGIONAL FILM FUNDS

The regional film funds make an important contribution to the success of Danish films and television.

The West Danish Film Fund is located in Denmark’s second biggest city, Aarhus, and annually invests around EUR 1.5 million in film and media productions.

The Fund supports and invests in co-productions that have Danish artistic or technical participation with a connection to the region. Support is given to artistically interesting productions which further the strengthening of the film industry in the region.

Financial support is provided in the form of subsidies and/or investments. You need a Danish co-producer in order to apply.

filmpuljen.dk

The Copenhagen Film Fund was founded in 2013 by the initiative of the Producers Association as a partnership between eight Copenhagen municipalities, the Capital Region and a number of players in the local film industry. The Fund has a budget of EUR 3 million as of 2017.

The fund’s primary goals are to invest in Danish and international film and television productions that are produced in the member municipalities and intended for national and international distribution.

The Copenhagen Film Fund primarily invests in international productions of high artistic merit with Danish co-producers, or Danish projects with substantial international financing and distribution in place. The fund’s focus is on productions wholly or partly shot in the region.

FilmFyn (Est 2003) covers the area of Fyn (Funen) in the very heart of Denmark. Owned by eight municipalities, their goal is to promote diversity, create local growth, increased visibility and cultural pride revolving around high quality film and television series.

FilmFyn holds a strong track record of investing in more than 75 successful productions so far, ranging from historical period dramas, thrillers and comedies to television series and children’s features, many of them internationally acclaimed. The annual budget is EUR 2 million of which more than EUR 1.5 million is invested based on criteria concerning financial spend in our area, the project’s potential to promote Fyn and FilmFyn’s potential for recoupment. There are no fixed application deadlines, and the path from communication to action is fast.

FilmFyn also houses Film Commission Fyn. Altogether they are a small, efficient and creative film office with strong local support guiding you to the best locations, people, facilities and resources available for filming in the heart of Denmark.

The Finnish Film Foundation supports and promotes the Finnish film industry. Founded in 1969, The Foundation operates under the Ministry of Education and Culture. It is the main financer of film production in Finland. The Foundation receives its funding from lottery and pool funds. In 2016 The Foundation handed out over EUR 24 million in support for the production, distribution and exhibition of films.

Production support is given to an average of 80 films per year. Support is available for feature films, animations, short films, documentaries and TV series.

International Co-Productions
International co-productions are also eligible for production support from The Finnish Film Foundation when a Finnish co-producer is involved. The Foundation funds around 8 to 10 minority co-productions every year with a support budget of around EUR 1 million.

Eligibility for co-production support is determined with the following criteria:

- Involvement of a Finnish co-producer with Finnish distribution rights
- Creative and/or technical input from Finland
- Distribution of some kind in Finland
- Relevance of the project for Finnish audiences
- Possibilities for an ongoing co-operation between the parties

The Support Application is made by the Finnish co-producer. There are no fixed deadlines for applying but it is recommended that the Finnish co-production partner is brought in as early as possible. The amount of production support for minority co-productions has traditionally ranged from EUR 50.000 to EUR 500.000, depending on the Finnish creative or technical input. There are no spend requirements for the support, nor is the support recoupable.

The Icelandic Film Centre is a public institution that provides funding for Icelandic films, promotes them abroad and nurtures film culture in Iceland by supporting festivals, seminars, workshops and other networking opportunities for film professionals.

The Icelandic Film Fund is administered by the Icelandic Film Centre. The fund’s role is to further Icelandic filmmaking by providing financial support to features, documentaries, shorts and fictional TV series. Projects supported by the Icelandic Film Fund must have some connection to Iceland unless special circumstances apply.

Production Support
The Icelandic Film Centre will distribute approximately EUR 6.5 million in available grants in 2017, which will be divided between narrative features and short films, documentaries, and TV series.

The Icelandic Film Fund usually grants production support to 3–4 narrative features each year, as well as to approximately 8–10 documentaries, 2–3 short films, and 2–3 TV series.

Minority Co-Production Funding
Support is also available for international co-productions with an Icelandic minority producer. Applications should be submitted before production begins. They can be submitted at any time during the year and take approximately 8–10 weeks to process.

Evaluation Criteria
When evaluating applications, the following points are especially considered:
• the artistic participation by Icelandic cast and crew
• the degree of involvement by the Icelandic producer and the overall Icelandic spend
• a letter of commitment to distribute the film in Iceland
• creative strength

### ICELAND’S 25% REIMBURSEMENT SCHEME

Iceland currently offers a 25% reimbursement on eligible costs incurred in the production of film and TV projects in Iceland. Note that this scheme does not apply to the production of commercials or music videos.

Projects must fulfill certain cultural and production criteria in order to receive a letter of intent for reimbursement. Once the production is completed, a final assessment of the project is made to confirm that it is still eligible for reimbursement.

Applications must be submitted to the Icelandic Film Centre before production begins in Iceland, and they can be submitted at any time of the year.

For more information, please visit [filminiceland.com](http://filminiceland.com).

The Norwegian Film Institute (NFI) operates under the authority of the Norwegian Ministry of Culture. The Institute is the Norwegian government’s administrative body for the film sector and its advisor on film policy issues. The Board of the NFI is appointed by the Ministry.

The NFI’s 2017 budget is approx. EUR 81 million, of which approx. EUR 69 million is earmarked for audiovisual development, production and distribution. The Institute also offers personal grants, training and talent development for the film industry.

The Norwegian Film Institute (NFI) can fund minority co-production of feature films, documentaries, drama series and short films. The NFI also operates the Norwegian Incentive Scheme and the Norwegian South Film Fund. Also the regional film funds support co-productions.

Feature-length fiction films
Funding is available for foreign feature-length productions destined for cinema release with a Norwegian minority co-producer. The annual budget for 2017 is NOK 10 million (approx. EUR 1.1 million).

Production funding can be granted for up to 50% of the Norwegian part of the budget, in a range from EUR 100 000 to 500 000.

Funding from the Norwegian Film Institute can be combined with investment from regional funds in Norway.

Co-productions with a minority Norwegian producer are eligible to apply for marketing support in Norway. They will also be eligible to apply for ex post support for up to a total of 50% of the Norwegian budget, calculated on the basis of sales in Norway. All funding is non-recoupable.

When evaluating the applications, the Norwegian Film Institute will consider:

- Long-term plans for co-operation between the producers
- Use of Norwegian talent on both sides of the camera
- Co-operation with Norwegian industry, equipment and facilities, location, postproduction, VFX etc.

Priority will be given to productions with strong artistic potential and/or recognized potential in the Norwegian market.

How to apply
Applications for funding must be submitted by the Norwegian minority producer. The project must be acknowledged as a cultural product in the country of the delegate producer. If an application is made under the European Convention, it should be forwarded to the Norwegian Film Institute through the Competent Authority in the delegate producer’s home country. A deal memo from a Norwegian film distributor confirming the intention of a release in Norway is required.

The volume of support will be determined on the basis of Norwegian spending and the share of other Norwegian investment.

SØRFOND – THE NORWEGIAN SOUTH FILM FUND
The main objective of SØRFOND is to increase film production in countries where it is limited for political or economic reasons. Film projects from over 150 countries in Asia, Africa, Latin America and the Middle East are eligible for grants. Strong artistic value, cultural integrity and freedom of expression are core priorities.

Grants from SØRFOND contribute to film productions whose main producer is based in countries on the current OECD DAC. A Norwegian minority co-producer is required. The majority producer must represent a private production company with main responsibility for the financial planning and practical implementation of the project. The minority producer must represent a private and independent production company in Norway that is not publicly owned and is independent in relation to broadcaster ownership.

The fund supports fiction films and documentaries produced for theatrical release, for television or other media platforms with minimum duration of 50 min. A substantial part of the budget (50%) must already be confirmed. The maximum support for a single production is NOK 1 000 000, or approx. EUR 118 000. Of this, a 10% overhead is granted to the minority co-producer in order to cover administration expenses. The Norwegian South Film Fund is established with funding from the Norwegian Ministry of Foreign Affairs and the Ministry of Culture.

The Minor Co-Production Scheme
The aim of funding co-productions is to strengthen working relationships between Swedish production companies and foreign producers. It should also inspire and facilitate competence development, improve opportunities to secure international financing and help films to cross borders.

Who can apply?
- Applications must be submitted by established Swedish production companies, active within the Swedish production environment
- The Swedish producer is responsible for the Swedish artistic, financial and technical elements of the co-production

Primary evaluation criteria
- Long-term partnership between Swedish and foreign producer, artistic and financial
- The proportion of Swedish participation in the production: artistic, technical and financial
- Distribution (theatrical or full coverage national television distribution)
- Artistic qualities

The contribution of the Swedish Film Institute can be a maximum of 80% of the Swedish financing. The Swedish financing must be in proportion to the Swedish spend.

The application should include
- A full screenplay
- Details of the co-operation between the Swedish producer and the major producer (both previous and future projects)
- Specification of the Swedish artistic and technical involvement
- Budget in SEK with a specific column to specify the Swedish spend
- Financing plan in SEK, with a detailed specification of the Swedish contribution, including possible LOI/LOC
- Distribution plan for Sweden, including minimum LOI or the like
- Schedule

Note: The application and supporting documents form the basis on which the Swedish Film Institute’s evaluation is made. Deviations from these may change the evaluation of the project.

Evaluation process
A preliminary evaluation of the project is made by the funding department. The screenplay and supporting information is then passed on to a film commissioner for artistic evaluation.

If the project qualifies both technically and artistically, the film commissioner may recommend it to the board of the Swedish Film Institute for production funding. If the project does not fulfill the basic requirements for co-production, no artistic evaluation is made. Applications take approximately eight weeks to process.

Furthermore, our standard conditions for production funding apply.

NORDISK FILM & TV FOND
NORDISK FILM & TV FOND

Established in 1990 and based in Oslo, **Nordisk Film & TV Fond**’s primary purpose is to promote film and TV productions of high quality in the five Nordic countries (Denmark, Finland, Iceland, Norway and Sweden) by providing support for the top-up financing of feature films, TV-fiction/drama series and creative documentaries. Nordisk Film & TV Fond is also a secretariat to the prestigious Nordic Council Film Prize and arranges and hosts the Nordic Talents event held in Copenhagen each autumn.

Nordisk Film & TV Fond is funded by 17 partners: the Nordic Council of Ministers, five national film institutes/funds and 11 public service and private TV stations within the region. The annual budget is approximately NOK 100 million (EUR 10 500 000).

Nordisk Film & TV Fond’s production funding may be applied for by Nordic production companies who are delegate producers of the project. There are no application deadlines, but the processing time is normally 4–6 weeks. Projects aimed at children and youth are prioritised.

- Suited for cinema exhibition, TV distribution or for other type of distribution
- Considered to have a significant audience potential primarily in the Nordic countries and, secondarily, in the global market

**The following must be confirmed:**
- National base funding
- Significant financing from at least one of the Fund’s Partners
- Distribution in a minimum of two Nordic countries

**The application must be:**
- Submitted before the production starts
- Submitted via our online application system
- In English or a Scandinavian language (including all attachments)

A complete overview of projects funded by Nordisk Film & TV Fond can be found on our web page.

Nordisk Film & TV Fond also funds a range of other initiatives to assist Nordic productions to travel throughout the region and internationally.

**Nordic Genre Boost**
- Nordic Genre Boost provides workshops and development funding for selected Nordic genre film projects
- Nordic Genre Boost’s 3rd round runs through 2017 and has budget of NOK 2 million

**Distribution (single film/slate) and Dubbing support**
Our distribution funding is specifically designed to improve the circulation of Nordic films across the Nordic region, and to respond to the fast-changing nature of distribution in the digital world. In 2017 our budget for distribution funding is NOK 9 million.

Nordic distributors of non-national Nordic films can apply for VOD or cinema distribution support for a single film, or slate funding for up to three films. In combination with slate-support it is possible to apply for additional funding to employ a marketing person to work with the release of the specific films. Nordic production companies, or the Nordic distributor in the country where the film will be released, can apply for dubbing support for cinema, VOD or TV release. To obtain support, the individual films must have been well received at home or have a significant audience potential within their target group, in one or more Nordic countries.

Nordisk Film & TV Fond also assists professionals in developing and improving their knowledge and skills by supporting a range of film events of Nordic importance such as festivals, seminars or forums through its Film Cultural Initiatives funding.

For more information about all our funding schemes, guidelines and how to apply, visit on our web page nordiskfilmogtvfond.com

CREATIVE EUROPE DESKS
DENMARK, FINLAND, ICELAND, NORWAY, SWEDEN
Creative Europe (2014–2020) is supporting the European audiovisual, cultural and creative sectors with a budget of EUR 1.46 billion. The Creative Europe programme has two sub-programmes: Culture, Media and a cross-sectorial strand covering both sub-programmes. The Creative Europe programme replaces the former Culture (2007–2014), MEDIA (2007–2014) and MEDIA Mundus programmes.

The national Creative Europe MEDIA Desks have the ambition to consult, inform and advise the audiovisual sectors and industries about the MEDIA sub-programme and the specific funding opportunities represented in the specific calls.

The role of the Creative Europe Desks
• To ensure broad knowledge of the Creative Europe Programme
• To facilitate national participation in the Creative Europe Programme with the widest number of audiovisual professionals and companies in the creative and cultural sector
• To provide citizens with information about the Creative Europe Programme

In addition, we see our most important tasks as
• Assisting applicants in the application process
• Organizing events that will help the film/ TV/game industry get information, network, partners and financing
• Matchmaking and advising about financing and funding opportunities in other countries supported by the MEDIA sub-programme
• Ensuring professionalization and internationalization of the audiovisual industries

The MEDIA sub-programme of Creative Europe supports the EU film and audiovisual industries financially – in development, production, distribution and promotion. The programme helps to launch projects with a European dimension and nurtures new technologies; it enables European film and audiovisual work to find markets beyond national and European borders; it funds training and development schemes.
